OPIS PRODUKTU

The Wide Angle Zoom 1.12-1.58:1 WUXGA Lens (EN43) from Barco adds flexibility for rear projection installations and setups that require large images with close proximity to the screen. The zoom feature allows a variety of projector distances while keeping image size consistent. It is designed for the CRPN-52B Single-Chip DLP Projector, CRWQ-62B Single-Chip DLP Projector, FL35 Series, FS33 IR Series, FS35 IR Series, and the F35 Series of projectors.

Focus range: 1.5 - 15.0 m

Throw ratio

SX+ 1.20-1.70:1
