OPIS PRODUKTU

The CTWU-61B is ideal for boardrooms, collaboration suites, conference rooms, higher education, houses of worship, museums and other venues where image quality is of key importance.

Silent and compact

With its 5,500 lumens and WUXGA resolution, the CTWU-61B truly is a groundbreaking projector. It's not only smaller and lighter than other projectors in the 5,000 to 6,000 lumens segment, it also delivers an unmatched image quality with market-leading contrast ratios. All of this is gathered into a stylish white projector with extreme low noise levels – making it the perfect choice for any collaboration room, high-end meeting room, conference room or boardroom.

Unmatched image quality

Thanks to its high-quality optics and high contrast ratio, the CTWU-61B ensures crystal-clear images with vivid and dynamic colors from almost any source. What's more, the projector is equipped with HDBaseT, 3G-SDI, DisplayPort, DVI, HDMI and VGA connectivity for maximum flexibility.

Built to last

The CTWU-61B features a filter-free design and reliable DLP® technology for unmatched picture accuracy and low total cost of ownership. Designed for unlimited use, it also comes with a three-year warranty, for true peace of mind.
