Nazwa **Projektor DP2K-32B**

Cena **999 999,00 zł**

OPIS PRODUKTU

The top-of-the-line Barco Alchemy DP2K-32B is the brightest digital cinema projector on the planet. Thanks to its record light output, vibrant colors and exceptionally rich contrast levels, the DP2K-32B is the ultimate 3D machine for screens up to 32m (105ft) wide. By merging the projector and media server functionalities into one projector module, the DP2K-32B Barco Alchemy projector is a full-fledged, DCI-compliant projector and media-server solution with on-board storage. Reducing the required hardware, it increases simplicity and reliability. The smart projector detects potential operational errors and warns users in case of mishaps. Great in TMS environments, it operates stand-alone in single-screen applications. Thanks to the embedded Barco Web Commander user interface, shows can be created and scheduled remotely.

Low cost of ownership

Geared with the integrated Barco Alchemy technology that drives operational and maintenance costs down, the DP2K-32B offers superior image processing, pristine images and ultimate reliability at a low TCO.

Easy maintenance and operation

The DP2K-32B comes with the 'Barco Web Commander' screen management system featuring an intuitive user interface. The projector detects potential operational errors and warns users if, for instance, a scheduled show is missing assets or KDMs. It also has an easy-to-use, fully modular architecture for simple serviceability and higher uptime.

The DP2K-32B projector is also available in a package with a third-party media server and it can be ordered without the Barco Alchemy module as well.

Unique benefits of Barco Alchemy technology

Combines media server functionalities with cinema processing electronics

Fewer boxes lead to more reliability and ease-of-use

Simple operation thanks to intuitive 'Barco Web Commander' user interface

Easy upgrading of Series 2 projectors with Barco Alchemy module

Features

The brightest projector on the planet

Lowest cost of ownership thanks to integrated Barco Alchemy technology, lowest lamp operating cost, re-usable filters, low maintenance, etc.

Includes storage

Maximum ease-of-use through intuitive 'Barco Web Commander' screen management system, running via a web browser

Barco Web Commander also runs on iOS and Android tablets via the free 'Barco CineMate' app

Barco Communicator for simple configuration and updates of all modules in the projector

Long-term image quality and brightness thanks to proprietary sealed engine and advanced DMD cooling

Easy installation and maintenance thanks to proven modular design and common platform with DP2K C-series
