InFocus

Nazwa **Projektor InFocus IN5142**

Cena **13 964,00 zł**

Producent **InFocus**

OPIS PRODUKTU

6000 lumens for sharp, seamless images in big rooms and high ambient light

Four optional lenses to fine-tune projection

Comprehensive connectivity and control

Latest inorganic LCD technology

360-degree projection, SplitScreen, Instant Stack, and lens shift memory

Motorized lens shift, focus, and zoom

Crestron RoomView Connected and AMX Device Discovery

Up to 3,000-hour lamp and 20,000-hour filter

360-degree projection, perfect for audiences in auditoriums, visitor centers and museums

Connect and operate an IN5142 projector remotely over your network connection

Let presenters from around the world deliver from wherever they are through your network

Split Screen projects from two sources at once, eliminating the need for multiple displays

Display content directly from a USB thumb drive. No PC needed

Four optional lenses from ultra short throw to ultra long throw are available

Lens Shift Memory stores lens shift settings to eliminate delays when alternating between screens or sources with different aspect ratios

Easily stack, align, and control two IN5142 projectors to get 24/7 fail safe operation or double the lumens

Wide throw ratio of 1.5 to 3.0 to provide additional installation flexibility

6000 lumens of brightness lets you keep the lights on to encourage interaction and collaboration

Long life inorganic LCDs provide accurate colors and depth of detail that brings life to every image

DICOM mode displays X-rays and other medical images in grayscale with greater precision

Inputs: HDMI x 2, VGA, USB x 2, 5BNC and more

LED status monitor on the back panel can display the projector's menu, traits of a source (such as the signal's resolution), and more

Crestron RoomView Connected and AMX Device Discovery is built-in to instantly integrate with Crestron and AMX room control systems

Wirelessly connect to your network with our optional wireless dongle

Manage the projector remotely via your existing network with our free [ProjectorNet asset management software](/accessories/software/projectornet)
