Nazwa **Monitor dotykowy LG 42" class Touch Screen LCD Widescreen Full HD M4214TCBA**

Cena **6 900,00 zł**

Producent **LG**

OPIS PRODUKTU

The black M4214TCBA 42" Widescreen Full HD Touchscreen LCD Monitor from LG has portrait or landscape option and a Full HD responsive touchscreen. The antiglare screen ensures good viewing quality and the monitor can be used as part of a 5 x 5 video wall. The exclusive public display panel has good resistance to image retention or sticking, thus making it a robust display solution.
